We offer a **GPON award** for an outstanding nurse from a low- or middle-income country for 2021. Please nominate a colleague or yourself by Oct 20, 2021. Click [here](#) for details.

GPON2021 is taking place over 3 days this year, covering 3 time zones. We focus on the impact that adult and paediatric nurses have made to the lives of people with cancer and their caregivers, over the last year. We are very grateful to nurses from low resource countries for sharing how they coped and are still coping with grief, dying and death, in the midst of the colossal challenges of COVID-19, conflict or climate change. We also have videos with joyous song and dance.
